

**Lubbock Senior Softball Player Survey
July, 2010**

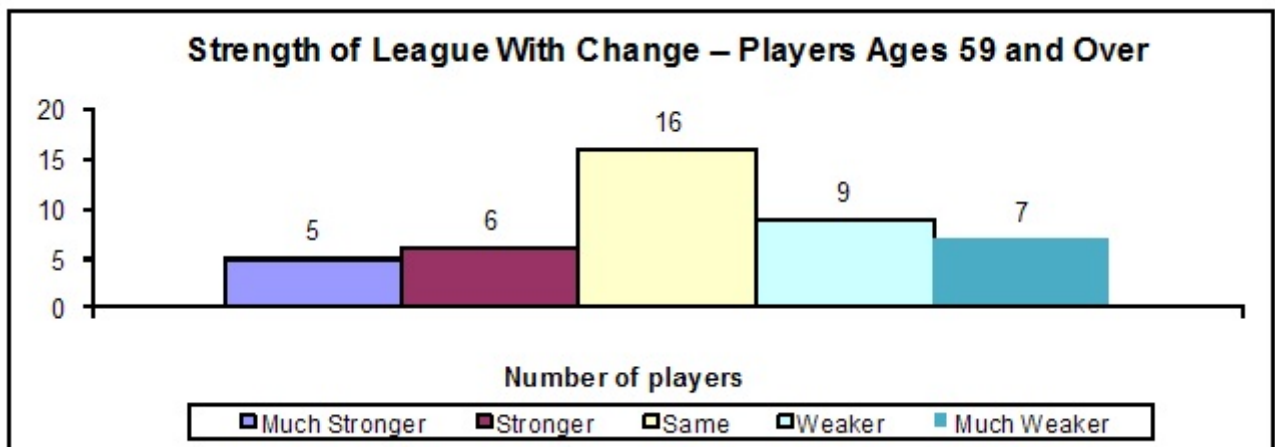

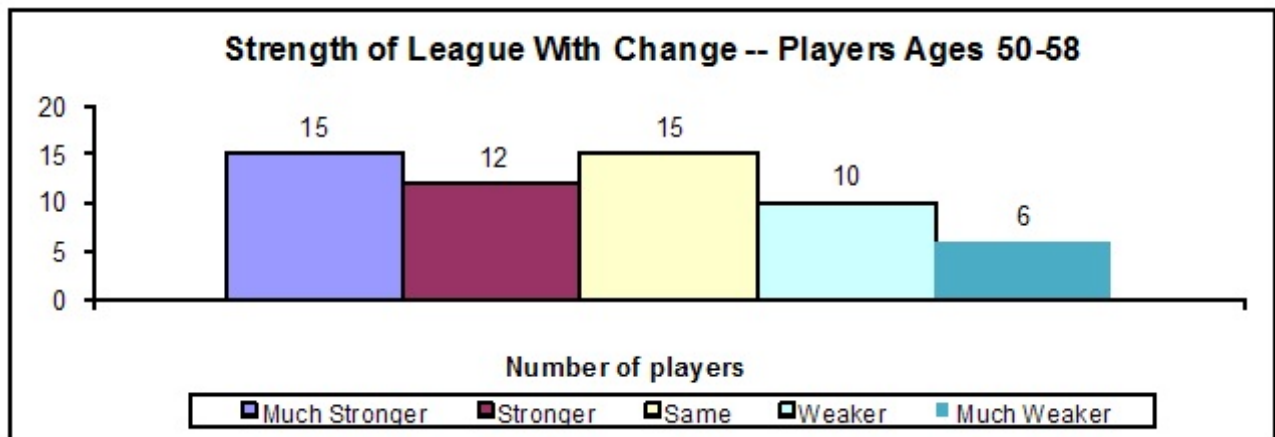

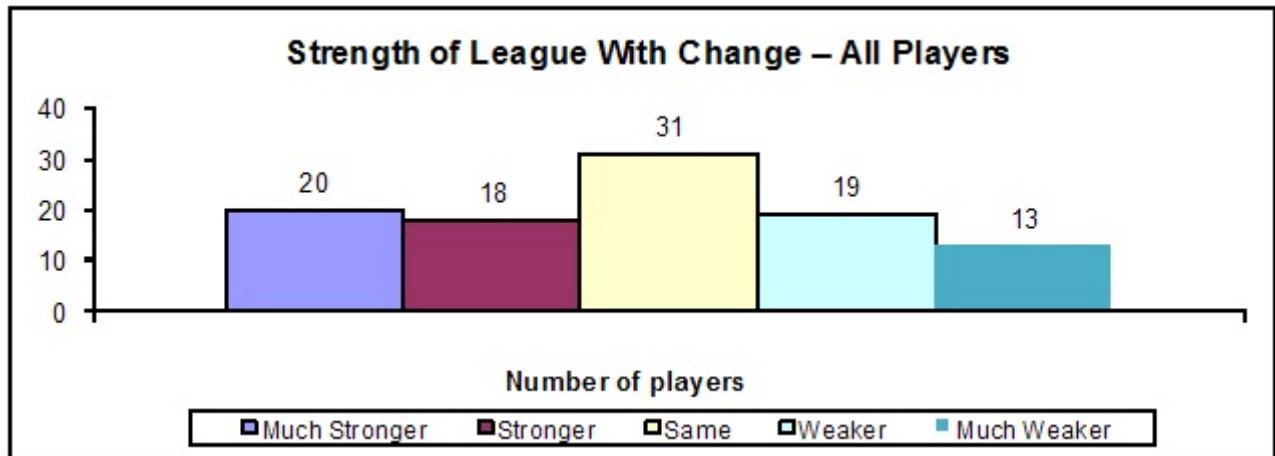

If we played in two divisions, how would you enjoy the experience?

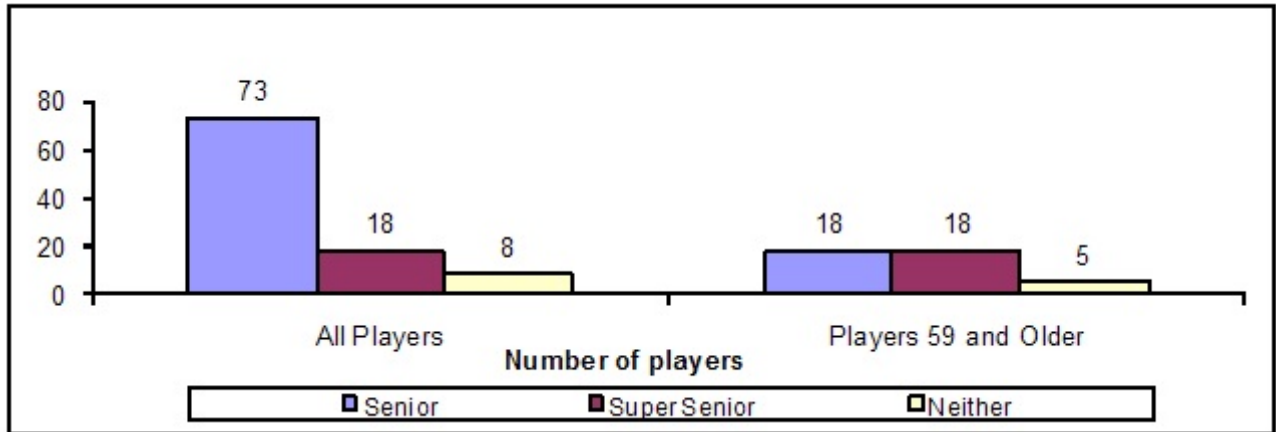

If we played in two divisions, how likely are you to play or retire?

If we played in two divisions, would the Club be stronger or weaker?

In which division would you most likely want to be drafted?

Comments:

I think this would destroy what this league is all about.

I think it would kill the senior ball.

More runs per/inning.

I think it would take players from under 60 to make over 60 work.

Everybody plays like they are 85 some nights.

I think it would be great if we have enough teams.

I think the club has become very competitive since we started 12 years ago! I think also the club will lose enough players that only the younger guys will be left to play!

Use stats to have "all stars" 2 out of 3 series. Keep same set-up. Just form 2 divisions after teams are formed up.

Good job!

2 umpires in the playoffs! Don't flip coin in playoffs. Higher seed is the home team!
